ORIHAMO[®]

HANDMADE WITH LOVE

FLORA COLLECTION 2024

Our Flora Collection consists of three-dimensional paper bouquets which are guaranteed to amaze and charm their recipients.

The developed designs have been meticulously created to contain all the artistry of a painted yet contemporary style.

Flowers have been considered for their symbolism and visual impact, and include such favourites as Tulips, Roses, Daffodils and Mixed bouquet compositions.

Continuing Origamo's spirit of ethical production and ecological care, these bouquets are made from fully recyclable and responsibly sourced papers.

They are completely handmade in our certified Fair Trade Studios, using FSC paper made in Italy from regenerated forests, and with packaging that is 100 % plastic free.
